## MANY HOUSES DESTROYED

FIRE WIPES OUT BUSINESS DISTRICT OF WHITEWRIGHT, TEXAS—LOSS \$300,000.

Whitewright, Tex., June 12.—After the biggest fire this town has ever experienced, wire service to outside points was restored about midnight. Forty-three business houses were destroyed, twenty-seven residences were consumed and many others damaged as the result of a blaze that started today from a burning trash pile in the rear of a store. Numerous barns and some warehouses were destroyed. The flames were fanned by a steady wind.

Total losses and insurance figures could not be given tonight, but the damage is probably \$300,000 to \$325,000.

Sherman, Tex., June 12.—Whitewright, Grayson county, a town of about 2,000, at the intersection of the Katy and Cotton Belt Railways, eighteen miles from Sherman, suffered the most severe fire loss in its history this afternoon.

All wires into the place were down tonight at a late hour. A Sherman newspaper man made a trip in an automobile to Whitewright late today and returned here tonight with some of the details.

A detail of the Denison fire department went to the aid of the stricken town and a steamer from the Sherman department was on a car in readiness when a message came that the blaze was under control.

### List of Business Houses Burned.

Business houses destroyed are as follows: Planters bank; J. H. Truett, furniture; J. W. Ashley, dry goods; Everhart confectionery; Bradford's nickel store; Giddwell's jewelry store; Simmons Bros., barber shop; Frank Smith's barber shop; Randle's tailor shop; Hopkins' nickel store; Hardin & Carter, drugs; Bain Bros., confectionery; W. B. Hastings, grocery; J. L. Smith, grocery; May Hotel; Blinco tailor shop; John Nash, shoe shop; Whitewright Grain Company; D. B. Lane, blacksmith; I. O. O. F. hall; Cameron & Son, gent's furnishings; J. W. Davidson, grocery; Jack Pierce, restaurant; Saddler's barber shop; Kirkpatrick drug store; Magum Bros., grocery; J. F. Dixon, furniture; J. T. Smith, grocer; Dyer & Jones, drugs; W. M. Cox, grocery and hardware; Steinlien & Lively, dry goods; Frank Christian, hardware; J. F. Lively, dry goods; fire station, City Hall; Wallace's blacksmith shop, Southwestern Telegraph and Telephone Company's office, First National Bank.

### Seventy-five Residences Burned and Damaged.

There is one furniture store, one grocery, one hardware store and one hotel left.

There are at least seventy-five residences either totally destroyed or badly damaged.

T. H. Lively, of the firm of Steinlien & Lively, in the rear of whose place the fire started in a trash pile, was badly burned and bruised by

falling walls and his condition is quite serious.

A boy whose name could not be learned had his arm broken.

It is impossible in the chaos to get details, but the loss will reach at least \$300,000 it is estimated.

The Whitewright fire equipment was totally inadequate to cope with the fire.

### Hon. W. H. Murray in Town.

Hon. Wm. H. Murray came in from Tishomingo yesterday afternoon and has been looking after some private business affairs. Mr. Murray seems to be in excellent spirits and talked in an interesting manner on topics of the day. He gives it as his opinion that none of the normal schools now in existence will be abolished, simply because they are a means of bringing superior educational advantages within the reach of a much larger population than could otherwise be done. Mr. Murray is a strong believer in the education of the masses and is not uneasy about too much being done in this line by the state.

## PONY STARR GETS

### YEAR IN PEN

Muskogee, Okla., June 12.—Pony Starr was found guilty by a jury in the district court this morning of stealing two head of cattle from J. T. Jamison in the Briartown bottoms, Muskogee county. The jury assessed a penalty of one year.

The jury filed into the court room at 9:05 this morning with a sealed verdict. They had reached an agreement yesterday afternoon after being out since late Saturday afternoon. Pony Starr sat in a chair near his counsel, S. M. Rutherford. Mrs. Starr was not in the court room.

The foreman, H. C. Fearnside, handed the sealed verdict to the clerk who read it in open court. The verdict read, "We the jury find the defendant guilty as charged and assess a penalty of one year in the state penitentiary at McAlester."

Starr did not flinch when the verdict was announced. He betrayed not the slightest emotion at the time, but later smiled at some of his friends. Attorney S. M. Rutherford gave notice of appeal.

"You may tell the world," said Rutherford to a Times-Democrat representative, "that Pony Starr will never spend one day in the penitentiary." Other cases pending against Starr, Len McCullough and the Davis boys went over until this afternoon because neither the state or the defendants were ready for trial.

### NO MEETING OF CHAMBER OF COMMERCE TONIGHT

As there is little business on hand at present, and as the chautauqua is in progress, there will be no meeting of the Chamber of Commerce this evening.

The Pastime Theatre's contest is growing in interest every night and is so close that it is attracting much attention. At present the three leading contestants stand as follows: Miss Mae Couch 1,290, Miss Banks 1,210 Mrs. Bonner 1,130.

## GILLILAN

### MAKES HIT

NOTED HUMORIST CAPTURES AUDIENCE—GOOD BEGINNING OF CHAUTAUQUA.

Flattering reports are heard of the concert given yesterday afternoon by the Orpheans. This quartette is composed of real artists and never fail to capture their audiences.

The evening entertainment began with several numbers by the Orpheans all of which were enthusiastically enjoyed. Mr. Strickland Gillilan, the speaker of the evening, was then introduced and over an hour he kept the audience roaring with laughter. His humor is effective because it is spontaneous and not of the forced, or hothouse variety, that is so sickening to the average person. Mr. Gillilan is a newspaper man of wide experience and even while on the platform he finds time to do some work in this line for Chicago papers.

The normal auditorium was filled last evening, and situated as it is, the building is as cool and pleasant as is possible to find at this season of the year. The large crowd of last evening and the satisfaction in the first two numbers indicates a great success for the chautauqua course.

### Condition of Cotton Crop.

Washington, June 13.—Cotton showed the best growing condition on June 1 of any crop reported to the department of agriculture. In its general review of crops the Crop Reporting board in a supplemental report says:

"The month of May was on the whole not very favorable for crop growth, drouthy conditions having prevailed over a great portion of the United States. In consequence, the average condition of crop growth on June 1 was 2.8 per cent below the average condition on that date. Some relief from the unfavorable conditions came at the close of May and the first part of June.

### Averages of Crops.

Comparing the condition of various crops on June 1 with their average growing condition on that date of recent years, in most cases ten years, and with 100 representing average conditions, and not normal, the board reports:

Cotton 108.5, sugar beets 103.2, apples 102.5, raspberries 101.8, spring wheat 101.1, watermelons 100.6, pears 99.7, cantaloupes 99.6, blackberries 99.5, sugarcane 99.5, barley 99.2, winter wheat 98.5, rye 98.2, oats 96.4, alfalfa 96.1, pastures 90.2, hemp 89, clover 84.6, all hay 89.1, peaches 83.5.

It is estimated the area planted to rye is about 1.2 per cent less than last year, or about 2,003,664 acres.

Clover for hay, acreage 6.3 per cent less than last year.

Sugar cane acreage 4 per cent more than last year.

### Vengeance Comes After Many Years.

Marietta, Okla., June 13.—The second death from a feud, left from the days when southern Oklahoma was a borderland, came Saturday afternoon. Charles Liddell, about 20 years old, shot and killed George Hancock, 50 years old. Nine years ago Hancock shot and killed Liddell's father, also names Charles, at Thackerville, in this county.

Liddell has been arrested and a preliminary hearing probably will be granted him early next week. Sheriff Al J. Davis made the arrest.

Whether the boy has lived with the intention of getting vengeance for the death of his father, or whether his action was caused by sudden anger he refuses to say, but the circumstances lead to the belief that he had determined to take a life for the life of his father.

Liddell was standing in a livery stable on a side street with a rifle near him, when Hancock appeared, walking toward the stable. Liddell picked up his rifle and calmly waited until Hancock was about twenty-five yards from him, then stepped into the street and throwing up his rifle, started firing.

He fired four shots, three of which took effect. Two of the three would have proved fatal. After killing Hancock he made no attempt to escape, but submitted to arrest and went to jail with Sheriff Davis.

After the shooting it was learned that Hancock was unarmed at the time. He made no attempt to escape,

but stood calmly facing the boy, awaiting the shot which would bring death.

Liddell had not been drinking at all during the day, and the two men had not spoken for more than ten years, since Liddell was a boy about ten.

Hancock has one brother who lives at Thackerville, but it is not considered likely that there will be further trouble in case Liddell should be released from jail.

Liddell is from Texas.

### FIRST BALE OF COTTON BRINGS MORE THAN \$1,000

Houston, Tex., June 13.—A new record by eleven days for the first appearance of the new cotton crop was established by a bale of Cameron county staple received on the Houston cotton exchange Monday. It grew on the farm of Ernest Matz and will be sold to the highest bidder. Part of the bale's journey from Cameron county to Houston was made on a special train because it was reported other first bales were on the way to the local exchange. The cotton was sold at \$2.05.84 a pound. The total weight was 493 pounds and the price \$1,015. This was the highest price ever paid on the Houston exchange for a bale of cotton.

## SENATE PASSES DIRECT ELECTION AMENDMENT

Washington, June 12.—The senate tonight by 64 to 24 passed the resolution amending the constitution to provide for election of senators by direct popular vote. The Bristow amendment, giving to the federal government supervision of such elections, was adopted, 45 to 44, the vice president casting the deciding ballot. The house already has passed the resolution.

Senator Reed of Missouri protested against the vice president casting his deciding vote. An amendment by Senator Bacon qualifying the Bristow amendment to prohibit federal supervision of elections unless the state legislatures refuse or fail to act was

defeated 46 to 42. The resolution as amended was then adopted.

### One Democrat Supports Amendment.

Adoption of the Bristow amendment which omitted the house provisions transferring supervision of senatorial elections from congress to the state legislatures, was made possible by Mr. Clarke of Arkansas casting the only democratic vote for the proposition. The tie on that ballot would have been prevented if his vote had been cast with his party, with whom he later voted on adoption of the resolution. On this first ballot five republicans, Messrs. Borah, Gronna, LaFollette, Poindexter and Works, all insurgents, voted against the provision. On the resolution, as amended, the vote 64 to 24, was six more than the necessary two-thirds majority. Of the twenty-four negative votes eight were cast by democrats and sixteen by republicans, as follows:

Republicans—Senators Brandegee, Burnham, Crane, Dillingham, Gallinger, Heyburn, Lippitt, Lodge, Lorimer, Oliver, Page, Penrose, Richardson, Root, Smoot and Wetmore.

Democrats—Senators Bacon, Bankhead, Fletcher, Foster, Johnston, Percy, Terrell and Williams.

## NORMAL IS GROWING

ENROLLMENT REACHES TOTAL OF 223, AND MORE COMING IN.

As was expected the enrollment of the Normal has increased rapidly since yesterday's report. Today it stands at 223 and others are still coming in.

The formal opening took place this morning at 8:30. President Briles made a number of announcements and addressed the student body on the importance of the work in hand and the necessity of thorough work. He stated that the board has found that the practice of the normals in issuing certificates had no foundation in law and that hereafter the papers of the applicants will be referred to the superintendent of the county where the applicant resides or expects to teach. He also stated that it will be the policy of the board hereafter to confine the main academic work to the state normals instead of the county normals, and that the summer terms will be ten weeks instead of six as at present. He also stated that it is probable that on account in the many changes in the faculties of the other normals, Ada and Alva will probably be the only ones that will extend the summer term beyond July 1.

Among other points Mr. Briles emphasized the idea that teachers who expect to remain in the profession must continually advance and that unless they did so they would finally be forced from the profession.

Hereafter the chapel exercises will take place at 10 a. m.

## CHAUTAUQUA

### ANNOUNCEMENTS

This afternoon Dr. Driver delivered a lecture on the important subject: "America Facing the Far East." This evening Col. Gearheart, well known to the citizens of Ada, will lecture.

Wednesday's program is one of the finest of the week, embracing entertainment and lectures. Everett Kemp, one of the finest monologists in the country will give "If I were King" at 3:45 and this is sufficient to insure a good crowd.

Ralph Parlette, entertainer-lecturer in his "University of Hard Knocks" is considered one of the big men on the platform. Humor, pathos and good hard sense combine to make this one of the best on the program.

### Jail Nearly Empty.

The jail of Pontotoc county is nearly empty now than it has been at any time since statehood. At present there are two white men and three negroes confined within its walls and two other white men are rated as trustees. The road gang has eight men at present.

### Chickasaw Township Shows Increase.

The tax rolls of Chickasaw township have been turned over to the county clerk. They show a total valuation of over \$1,000,000 an increase of about \$100,000 over last year.

Only two rolls, the city of Ada and Allen township are yet to be received.

## RACE WAR THREATENED IN SEMINOLE COUNTY

As a result of the murder of a deputy sheriff in Seminole county by negroes recently, a number of negroes were arrested and placed in jail while the officers sought still others thought to be implicated in the crime. Yesterday Judge McKeown was advised that a mob of forty or fifty negroes had gathered to resist and further arrests, and that a mob of white men threatened to take the imprisoned negroes from jail and lynch them. He advised that every precaution be taken for the safety of the prisoners and promised to go to Wewoka and hold a term of court at once if thought necessary.

Today he was advised that the impending race war had quieted down and there would not likely be any trouble at present.

What is Pontotoc county going to

The vigorous protest against the  
appointment of a negro as supervisor  
of Indian schools had the desired ef-  
fect and the dusky brother will be  
taken care of elsewhere. It is sig-  
nificant that some of the most vig-  
orous kicking was done by republican  
leaders of the state. There are two  
reasons for this. In the first place it  
would have alienated thousands of  
white and Indian voters, and in the

second, the grandfather clause has  
cut the negro vote down to a point  
where it is not worth catering to. It  
is also something of a blow to Sena-  
tor Curtis of Kansas who has posed  
as the leader of Indian affairs for so  
many years.

The new commission government of  
Oklahoma City has begun its adminis-  
tration by a sweeping reduction of  
expenditures. Already useless offices  
have been abolished to an extent that  
\$24,000 annually will be saved the  
city. Other reforms will follow and  
the metropolis bids fair to take its  
place as one of the best governed cit-  
ies of the United States and will pros-  
per accordingly.

The tribe of summer widowers is  
rapidly increasing in Ada just now  
and an organization will likely be per-  
fected in a few days, having as its ob-  
ject a general comparison of notes  
concerning wedded life and the best  
methods of managing wives. Married  
ladies leaving Ada for the summer  
should by all means subscribe for the

capers cut by their care-free hus-  
bands.

Lorimer may yet be unseated by the  
senate, but he has already done some  
faithful service for the interests that  
elected him. It was his vote that tied  
the senate on the ship subsidy bill  
and gave Vice President Sherman the  
casting vote in favor of the measure.  
And now when the vote comes on  
the question of direct election of  
senators it is he who ties the senate  
on the Bristow amendment placing  
the elections under the federal con-  
trol and again gives Sherman an op-  
portunity to cast the deciding vote.  
This amendment was the work of in-  
terests secretly opposed to the amend-  
ment and who hope to make the  
measure so unpopular in sections  
where the feeling for states rights is  
strong and cause its defeat. As all of  
the southern states already select  
their senators in the primary they do  
not care as much about the methods  
employed in other states as they do  
about guarding their right to con-  
trol their own elections, and may re-  
fuse to ratify it on that account. Even  
if Lorimer loses out the country will  
suffer for this conduct during the  
time he occupied the chair in the  
councils of the nation.

The manner in which Strickland  
Gillilan, the humorist, described the  
way in which the many freckles  
on his face in boyhood days finally  
merged into one big freckle that cov-  
ered his entire countenance might be  
considered an apt illustration of the  
meaning of the expression, "E Pluri-  
bus Unum."

### Our Friends Come First.

It gives the News genuine pleas-  
ure to do a favor to its friends who  
stick to it through thick and thin,  
but some men who carry all their  
work to some other office and others  
who never make an effort to pay  
what they already owe seem to think  
that they should be shown the same  
consideration as the others, and  
seem surprised at times that the edi-  
tor does not shown the same readi-  
ness to publish some notice that  
would prove of value to them in a  
business way that he does to oblige  
those who have shown themselves  
our friends. It would be rank in-  
justice to the friends of the paper to  
show this class the same considera-  
tion that it shows its friends. A  
newspaper is a business enterprise,  
gentlemen, and not a philanthropic  
institution.

### Swat the Fly.

Many plagues and diseases that  
were formerly looked upon as the  
visitations of Providence and accept-  
ed with resignation, were in the light  
of modern knowledge found due to  
the unsanitary habits of the race. One  
after another these have yielded to  
the onslaughts made upon them and  
sanitation has been reduced to a  
science. The common house fly is the  
worst pest left and many towns are  
waging a systematic war on it that is  
producing gratifying results. "Swat  
the fly" has become a popular slogan  
and on every hand the fly is facing  
troubles that are tending to shorten  
his days. Ada should not fall behind  
other places in this fight. In the  
first place, remove the filth which  
serves as a breeding place for the  
vicious and dangerous carriers of  
disease, and then make war on the  
flies that manage to get into the  
house. It has been demonstrated that  
the fly can be exterminated and it is  
only a question of concentrated effort  
and proper sanitation.

### BETTER COUNTRY SCHOOLS.

Consolidation and More Money.  
Experience has now demonstrated  
that consolidation is the most prom-  
ising means of improving the country  
school.

Under right conditions it has the  
following advantages:

It makes possible grading, classifi-  
cation and longer recitations.

It allows more effective school  
supervision with all its attending  
benefits.

It makes high school work possible  
for many who would otherwise never  
have such advantages.

It affords better specialization along  
the lines of domestic science, agricul-  
ture, manual training, drawing and  
music.

It leads to greater emulation and  
enthusiasm among pupils.

These advantages tend to awaken  
the school sentiment of the commu-  
nity and lead to other advantages such  
as libraries, sanitation equipment,  
better teachers, longer terms, good  
roads, more regular attendance, larg-  
er social influences and higher stand-  
ards.

Everywhere that consolidation has  
been tried it has been approved as  
better than the isolated single school.  
In many instances consolidated  
schools including the expense of  
transportation have cost less than the  
isolated school and still been called  
an improvement. However, no effort  
should be made to have them cost  
less. They are worth more and  
should cost more. They usually lead  
to a larger appreciation of the bene-  
fits resulting in more liberal support  
for still greater returns. Thus they  
usually come to cost more and be  
worth much more. What we want is  
not cheaper but better schools. Where  
consolidation has reduced the cost of  
schools that result has been obtain-  
ed by reducing the number of teach-  
ers and giving each teacher a larger  
number of pupils. This should never  
be done.

### No Argument for Cheaper Schools.

In working for consolidation we  
should not use the argument that it  
will be cheaper. We have enough ar-  
gument without that. Although it is  
possible to consolidate and cut down  
expenses by reducing the number of

## SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair  
to Natural Color—Dandruff  
Quickly Removed.

There is nothing new about the idea  
of using sage for restoring the color of  
the hair. Our great-grandmothers kept  
their locks soft, dark and glossy by  
using a "sage tea." Whenever their  
hair fell out or took on a dull, faded or  
streaked appearance they made a brew  
of sage leaves and applied it to their  
hair, with wonderfully beneficial effect.  
Nowadays we don't have to resort to  
old-time, tiresome methods of gathering  
the herbs and making the tea. This is  
done by skillful chemists better than we  
could do it ourselves, and all we have to  
do is to call for the ready-made product,  
Wyeth's Sage and Sulphur Hair Rem-  
edy, containing sage in the proper  
strength, with the addition of sulphur,  
another old-time scalp remedy.

The manufacturers of this remedy  
authorize druggists to sell it under guar-  
antee that the money will be refunded if  
it fails to do exactly as represented.

This preparation is offered to the  
public at fifty cents a bottle, and is  
recommended and sold by all druggists.  
**GWIN-MAYS DRUG CO.**

teachers and still have good results,  
there is great danger that in giving  
one teach too many pupils we lose  
more in personal influence than we  
gain in grading and classification. The  
consolidated country school must not  
be a cheap school; it must have good  
teachers and enough teachers so that  
the number of pupils for each teacher  
shall not be too large for per-  
sonal influence and individual work.

All the arguments that have offered  
against consolidation have disap-  
peared in the light of the successful  
experience of thousands of consoli-  
dated schools in all parts of the  
country. Nevertheless some precau-  
tions are necessary. The number of  
schools to be combined, the location  
of the new school and all such ques-  
tions should be answered with refer-  
ence to the geographical location and  
environment in each particular case.  
Sometimes two schools, sometimes ten

The little bank of Ada but as strong and with as much backing as  
any bank. We have no state or county money, neither have we been fa-  
vored with a single penny of that **One hundred forty three thousand dol-**  
**lars** which the city of Ada recently received from the sale of a bond is-  
sue. We are pleased that our four competitors have the benefit of this  
big deposit, but we do protest against the gross discrimination practiced  
by our City Treasurer. Where is the justice? Is it a commendable act on  
the part of any loyal, boosting official of Ada? Think on this.

# HOW MUCH Is a Regular Cus- tomer Worth to Your Store?

Suppose you could BUY 100 additional  
**REGULAR CUSTOMERS** during  
the next week or two—customers who,  
for years and years to come, would  
make a **MAJORITY** of their pur-  
chases of goods in your line at **YOUR  
STORE?** What would each of these  
100 customers be worth to you?

It is, we think, quite likely that if such  
an investment were possible, you'd  
eagerly pay **TWICE AS MUCH** as  
it would cost you to secure these 100  
**REGULAR CUSTOMERS**  
through an advertising campaign big  
enough and aggressive enough to really  
make people **ACQUAINTED** with  
your store.

should be consolidated. Sometimes a  
large isolated country school should  
have a good building and two good  
teachers and remain where it is un-  
til conditions make further combina-  
tion practicable.

### What the School Should Be.

The consolidated school should not  
necessarily be in town, and surely it  
should not be an imitation of the town  
school. It should be for country boys  
and girls with agriculture, manual  
training and domestic science adapted  
to their needs.

The means of conveyance should be  
comfortable, safe and punctual. The  
wagons should be the property of the  
school, the horses should be well  
known and carefully chosen, and the  
driver should be reliable and be put  
under bond for the faithful and cap-  
able performance of his duty.

Where consolidation can not at  
once be accomplished other means  
should at once be adopted for the im-  
provement of the country school.

In the minds of some the improve-  
ment of the country school means  
nothing more nor less than consoli-  
dation. They advocate that and that on-  
ly and when they can not secure it  
they neglect to offer other attainable  
improvements, but just continue talk-  
ing for consolidation. It is altogeth-  
er possible to improve the schools  
without consolidation and it is pos-  
sible to consolidate without improve-  
ment. The country school can not be  
greatly improved by consolidation or  
otherwise without more money.

We should face the issue squarely  
and quit trying to tell tax payers  
how to improve the schools without  
more money. We should quit trying  
to shift the responsibility to an un-  
derpaid teacher, and should say  
frankly that the country school must  
offer more money. Better teachers  
are not secured by talking about poor  
teachers and finding fault with them,  
but by offering salaries that will at-  
tract better teachers, enable teach-  
ers to make better preparation and  
remain longer in the work.

## GOOD WORK.

Done Daily in Ada—Many Citizens Tell of It.

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Ada still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

G. B. Dismukes, 17 Thirteenth St., W. Ada, Okla., says: "Last fall I was succoring a great deal from a constant soreness through kidneys and across my hips. I had no doubt that this misery was due to disordered kidneys. A friend finally advised me to try Doan's Kidney Pills and I procured a box at G. M. Ramsey's Drug Store and began their use. In a few days my pains and aches had disappeared and the contents of two boxes of Doan's Kidney Pills restored me to good health."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## Ordinance No. 243.

An Ordinance Granting to the First National Bank of Ada the Right to Excavate Under Sidewalk Around Lot 16, Block 97, City of Ada.

Be it Ordained by the Mayor and Councilmen of the City of Ada, Oklahoma.

Sec. 1. That there is hereby granted to "The First National Bank of Ada," permission to excavate the sidewalk on the end and side of Lot Sixteen (16) in Block Ninety-Seven (97) in the said City of Ada, for the purpose of erecting a building on a part of said lot, and a basement under the entire building, and to have the use and enjoyment of the said sidewalk for the width of Sixteen (16) feet on the end and side of said Lot.

Provided, however, that the said "The First National Bank of Ada" its successors and assigns, shall, over said excavation, erect and maintain

in a proper and safe manner, a sidewalk and shall hold harmless the said city against any liability for damages resulting from such excavation, either during said excavation or at any time thereafter.

Sec. 2. This ordinance shall be in full force and effect from and after its approval and publication, as by law required.

Passed and approved this 12th day of June, 1911.

## Ordinance No. 242.

An Ordinance to Provide for the Numbering of Buildings in the City of Ada, Oklahoma.

Be it Ordained by the Mayor and Councilmen of the City of Ada, Oklahoma:

Section One. That each resident of the City of Ada, Oklahoma shall from and after this date place and keep in a conspicuous place the number, in at least two inch figures, of any building which he may own or occupy, and that said City shall cause said numbers to be placed upon each and every building at the expense of the owner thereof, and collect for the same such amount as shall be fixed from time to time by suit or by taxing the same against said premises.

Any owner failing to comply herewith shall be fined in any sum not less than four dollars nor more than one hundred dollars and costs of suit.

Section Two. For the purpose of numbering said buildings, Broadway Avenue shall be taken as a base line, North and South; all buildings west of said line being known as West, and all buildings East of said line being known as East.

Main street shall be taken as a base line East and West; all buildings North of said line being known as North, and all buildings South of said line to be known as South.

Section Three. There shall be one hundred numbers appointed to each block and one of said numbers shall be given each lot. The first block from the base line in either direction shall be given numbers from one to two hundred. The second block shall be given from two hundred to three hundred and so on in regular order by hundreds to each block in succession. The even numbers to be on the North and East sides of the streets.

Passed and approved this 12th day of June, 1911.

S. E. CHAPMAN, Mayor.  
Attest: W. B. JONES, City Clerk.  
(Seal) Pub. June 13th, 1911

## A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

# IN THE SPRING EVERYONE NEEDS S.S.S.

Spring is the season when the blood is weakest, and our systems least responsive to the demands of nature. It is the time of fickle appetites, poor digestion, lack of energy, bodily fatigue, and many other systemic disturbances which warn us that we need a tonic.

Everyone who needs a tonic needs a blood purifier, for it is the weakened and impure condition of the circulation that is responsible for the run-down constitution. A great many so called tonics are mere nerve stimulants, often producing instantaneous exhilarating effects, but acting with decided injury on the system later. If your system is weak and depleted you can only tone it up by supplying an increased amount of nourishment, and this can come only through pure, rich blood.

Any tonic which does not purify the blood is dangerous, because it leaves the impurities in the circulation to constantly prey upon the health.

S. S. S. is the greatest of all tonics because it is the greatest of all blood purifiers; and it is the one medicine you can rely upon to supply the system with the best tonic effects and at the same time thoroughly purify the blood.

Everyone needs S. S. S. in the Spring, because by building up the system now they may avoid serious illness later on. Many people have put off using a tonic until the system became so weakened it could not resist disease, and have paid for the neglect with a spell of debilitating illness. S. S. S. is nature's ideal tonic; made of digestion, and contributes to strong, robust health. S. S. S. is for sale at drug stores.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

S. S. S. has been used extensively in our family as a Spring tonic, given to both young and old, and always with the best results. It thoroughly cleanses the blood of all impurities, at the same time it builds up the general health, gives appetite, strength and energy. We have given it to our children as a stimulant, and found it to be non-injurious to the system and always capable of purifying the blood and restoring health.

MRS. CLARA DAUBERT, Schuylkill Haven, Pa.

My blood was weak and impure last Spring, and I was troubled with a general letting down of the system. Under the fine tonic and blood purifying effects of S. S. S. my appetite improved, I increased in strength and weight and my blood was restored to its normal healthy condition.
